Discover...

At the Marino Conference Centre, which is part of the Marino Institute of Education, there is a very unique feeling of history and tranquillity.

Built on the grounds of the historic estate of Lord Charlemont, we still boast the tranquillity of the countryside due to the gardens that surround us and the architecture of both the St Mary's and St Patrick's buildings. Over the years we have developed the more modern Nagle Rice Hall. It has given the estate a contemporary side.

There is a sports hall or gym that can be hired out by sports groups or other clients wishing to use it for other events like exams, exhibitions and large seminars.
