

DROICHEAD: EXPLORING AND ELICITING
PERSPECTIVES, EXPERIENCES AND NARRATIVES

Insight and impact: Leading a research-focused professional learning network

The challenge

**The challenge to
researchers is how to
connect the research they
undertake to those on
whom the research has an
impact.**

Insight 2: The PLN

The Research Advisory Team

Chair: Mary Burke

- Dr A. Lin Goodwin (Hong Kong)
- Dr John Marvelle (USA)
- Dr Robert Macmillan (USA)
- Dr Jean Ware (Wales)
- Suvi-Marja Holkeri-Salmesvuori (Finland)
- Dr Seán Delaney
- Prof Michael Shevlin
- Dr Colleen Horn
- Ena Morley

The Field Research Team

Primary team:

- Dr Julie Uí Choistealbha (Principal Investigator + Primary team lead researcher)
- Dr Anne Ryan (DEIS Lead)
- Deirdre Murphy (SEN lead)
- Sinéad Lambe (Research assistant)

Post-Primary team:

- Dr Melanie Ní Dhuinn (Post-Primary team lead researcher)
- Prof Michael Shevlin (SEN lead)
 - Dr Joanne Banks (DEIS lead)
- Shelli Garland (Research Assistant)

Cross-sector members:

- Dr Jennifer Liston (Logistics coordinator)
- Dr Claire Dunne (Gaelscoileanna/Scoileanna Gaeltachta lead)
- Dr Andrew Loxley (Visual data collection lead)
- Research assistant & translator Gaelscoileanna/Scoileanna Gaeltachta)

Insight 3: Previous experience

A high-speed photograph of a single water droplet hitting a surface of water. The droplet is captured mid-fall, having just made contact, and is forming a crown-like shape. Concentric ripples emanate from the point of impact, spreading outwards across the surface. The entire scene is set against a deep blue background, which is slightly blurred to emphasize the central action. The word "IMPACT" is superimposed in a clean, white, sans-serif font, centered horizontally and positioned just below the base of the splashing droplet.

IMPACT

Connections & Relationships

A high-speed photograph of a water droplet hitting a surface, creating a central column of water and concentric ripples. The entire scene is set against a blue gradient background.

IMPACT

Connections & Relationships

A high-speed photograph of a single water droplet hitting a surface of water. The droplet is captured mid-fall, forming a vertical column of water that is about to break into a crown-like splash. Concentric ripples emanate from the point of impact, spreading outwards across the surface. The entire scene is set against a deep blue background, which makes the white highlights on the water droplet and ripples stand out prominently.
