### EREBB has established six priority action areas:

**EREBB** is an international network of Catholic schools educating young people from many different faiths and cultures. EREBB was inaugurated in May 2014 when leaders representing Edmund Rice Education, including Edmund Rice Schools Trust in Ireland, gathered in Nairobi, Kenya to establish an inclusive international network of Edmund Rice educational communities inspired by the teachings of Jesus, Gospel values, and the spirit of Edmund Rice. Today, EREBB is active in over 20 countries worldwide, promoting and supporting global solidarity with transformational education as a driver for justice and liberation for all.

Marino Institute of Education in consultation with Edmund Rice Schools Trust identified Inspiring Leadership and specifically Professional Development as the priority focus for its contribution to and support for EREBB's shared vision. With this in mind, MIE and ERST have spearheaded a collaboration of leading Edmund Rice educators around the world to design and develop the EREBB Leadership Certificate.

### MARINO INSTITUTE OF EDUCATION

Marino Institute of Education is a teaching, learning and research community committed to promoting inclusion and excellence in education. It is a higher education institution with a singular focus on education and is an associated college of Trinity College Dublin. At MIE, students and staff are members of a dynamic teaching and learning community who support one another in the service of a common mission. This mission expresses the tradition of care through education established by Edmund Rice. MIE has a long and proud involvement with education, specifically initial teacher education (ITE), dating back over 100 years. Many of the EREBB schools were founded by Brothers who were educated in MIE and then moved to other countries to carry on the mission of Edmund Rice.
